TRAINING NETWORK SFP

On July 31, 2008 the Employment Development Department (EDD) Workforce Services Branch announced the availability of up to \$900,000 in Workforce Investment Act (WIA) Governor's Discretionary 15 Percent funds and Wagner Peyser funds to continue the operation of the Employment Training Network (ETN). The ETN has operated for 19 years as the vehicle for providing an immediate response resource center to Local Workforce Investment Areas (LWIA) administrative entity staff, One-Stop Career Center operators, community-based organizations, and Local Workforce Investment Boards, under the auspices of the federal WIA. The services to be provided are solely for the benefit of the local level WIA administrators and service providers.

The ETN arranges for consultant services through cooperative agreements. The ETN staff maintain a lending library consisting of instructional materials, audiovisual materials, and transparencies, curriculum guides, learning activity packages, project abstracts, reports and studies.

A list of the grant awardee and a brief description on the project is available on the EDD [SFP Web page](#). Please note that these funding decisions are final.
